INDEX
to volume 25
jan-dec 1997

The 1997 Annual Index lists articles by regular department, author, and subject. One- or two-letter codes after articles in the author and subject sections indicate the article type:

CL: Clinical
CM: Commentary
CR: Case Report
EM: Emergencies
EQ: ECG Quiz
EX: Exercise Adviser
F: Feature
IN: In My Experience
IQ: Imaging Quiz
L: Listing
NB: News Brief
NU: Nutrition Adviser
PA: Patient Adviser
QA: Question and Answer
RT: Roundtable
XM: Exercise Is Medicine

department

Exercise Adviser
Avoiding and treating blisters, Dec, p 91
Choosing and using exercise equipment, Jan, p 107
Dodging common exercise pitfalls, Jul, p 105
Exercising to lose 10 to 20 pounds, Apr, p 139
Heart health for a lifetime: sound exercise choices, Nov, p 109
Lightning strikes: how to lower your risk, May, p 129
Skin care for active people, Mar, p 131
Team up for thigh stretches: exercises for flexibility or recovery, Oct, p 129
The right way to do sit-ups, Jun, p 111

In My Experience
A postgame nightmare, Feb, p 88
Insulin as an anabolic aid? a danger for strength athletes, Oct, p103

News Briefs
A genetic link to boxing impairment?, Sep, p 21
A record high for Lyme disease, Aug, p 37
A return to football after heart surgery, Nov, p 16
Bikers frequently fracture clavicle, Jun, p 17
Can supplements reduce arthritis symptoms?, Dec, p 15
Choosing the best exercise for seniors, Jun, p 21
College athletes using steroids less, marijuana more, Dec, p 21
Court affirms right to disqualify athletes, Jan, p 19
Cross-training can lead to injuries, Sep, p 22
Ephedrine safety rules proposed, Jul, p 29
Exercise testing guidelines updated, Aug, p 47
HCM: higher risk for black athletes?, May, p 21
Neurologists offer concussion options, Apr, p 25; (letter) Dec, p 25
Orthoses face off in heel pain treatment, Feb, p 6; (letter) May, p 114
Pact may help stifle smokeless tobacco use, Aug, p 46
Water tubing stirs safety concerns, Jul, p 25
When the buck stops the heart, Apr, p 26
World Medical Games: a jock doc's dream, Jun, p 22

Nutrition Adviser
Animal proteins and active people, May, p 123
Caffeine: a user's guide, Nov, p 107
Carbohydrate unloading: a reality check, Feb, p 97
Defense plants: foods that fight disease, Dec, p 89
Eating for peak performance, Oct, p 123
Eating for vitamins: do you need supplements?, Jul, p 103
Facts about fish: don't miss its benefits, Jan, p 105
Fake sugars and fats: net benefits or real risks?, Apr, p 133
Fueling workouts on a shoestring, Sep, p 147
Get to know grains: the foundation of good nutrition, Jun, p 107
Nutrition for muscle builders, Aug, p 145
Take time for a good lunch, Mar, p 129

Patient Adviser
Athletic shoes: finding a good match, Sep, p 145
Exercise for mild coronary artery disease, Dec, p 35
Exercise for osteoarthritis, Jul, p 57
Exercise your independence, Sep, p 135
Extend yourself for low-back pain relief, Jan, p 65
Relieving low-back pain with exercise, Aug, p 67
Your exercise treatment for lung disease, Nov, p 57
